ANNUAL REPORT 2023

Dear Friends,

As we stand at the precipice of yet another year, it is with great pride and enthusiasm that I welcome you to the Annual Report 2023 of the Indian Adult Education Association. This report not only celebrates the progress and achievements of our organization but also reflects upon the broader landscape of adult education and lifelong learning in India.

In a world evolving at an unprecedented pace, the importance of adult education and lifelong learning cannot be overstated. It is not merely a tool for personal empowerment but a cornerstone for societal progress and national development. In the pursuit of achieving this common target literacy and lifelong learning is not just a goal but a necessity. It is within this context that the Indian government has championed several initiatives aimed at empowering adults with the knowledge and skills they need to thrive in today's world. Among these, two prominent initiatives stand out: The New India Literacy Programme and Visksit Bharat@2047. While NILP is a scheme, Visksit Bharat@2047 is a broad vision document conceptualized to propel the nation and its people into the coveted group of developed nations by 2047.

The New India Literacy Programme, launched with the vision of creating a literate society that actively participates in the socio-economic development of the nation, embodies the spirit of inclusivity and progress. By targeting illiteracy among adults aged 15 and above, NILP aims to equip individuals with the essential skills and knowledge necessary for their holistic development. Through innovative teaching methodologies, community engagement, and leveraging technology, NILP has become operational even in the farthest corners of our nation, touching the lives of millions.

Similarly, Visksit Bharat@2047, a flagship initiative launched in commemoration of India's 75th Independence Day, symbolizes the collective aspiration for a knowledgeable, skilled, and empowered citizenry. It is a comprehensive program aimed at fostering the holistic development of Indian citizens by focusing on the key pillars of empowerment, primarily centered around education and skill-building. The name "Visksit Bharat@2047" symbolizes the aspirations of a developed and empowered India by the time the nation completes 100 years of its independence.

The initiative encompasses various components, all geared towards equipping individuals with the necessary tools, techniques and skills to thrive in the modern world with a special focus on enhancing digital literacy, vocational training, and lifelong learning opportunities for adults by harnessing the transformative power of education. One of its primary focuses is on digital literacy, recognizing the increasingly crucial role of technology in today's society. Visksit Bharat@2047 aims to bridge the digital divide

by providing digital literacy training to adults across different demographics, ensuring that everyone has access to and can effectively utilize digital resources and tools.

Additionally, the initiative places significant emphasis on vocational training and skill development. Recognizing the importance of practical skills in enhancing employability and fostering entrepreneurship, Visksit Bharat@2047 offers a wide range of vocational training programs tailored to the needs of various industries and sectors of economic world. By providing individuals with opportunities to acquire new skills or upgrade existing ones, the initiative aims to empower them to pursue sustainable livelihoods and contribute meaningfully to the economy.

Furthermore, Visksit Bharat@2047 promotes lifelong learning as a fundamental aspect of personal and professional growth. Through initiatives such as adult education programs, continuing education courses, and community-based learning initiatives, the initiative encourages individuals to embrace learning as a continuous journey, irrespective of age or background. By fostering a culture of lifelong learning, Visksit Bharat@2047 seeks to empower individuals to adapt to evolving societal and economic trends, thereby enhancing their resilience and ability to navigate the challenges of the future.

Overall, Visksit Bharat@2047 represents a bold and ambitious vision for India's future—one where every citizen is educated, skilled, and empowered to realize their full potential. By addressing key areas such as digital literacy, vocational training, and lifelong learning, the initiative aims to not only uplift individuals but also propel the nation towards sustainable development and prosperity. Through collaborative efforts between the government, educational institutions, civil society organizations, and other stakeholders, Visksit Bharat@2047 seeks to catalyze positive change and create a brighter future for generations to come.

As an organization deeply committed to the cause of adult education and lifelong learning, the Indian Adult Education Association is proud to align itself with the noble objectives of Visksit Bharat@2047. Our work, rooted in the principles of inclusivity, equity, and empowerment, is a natural extension of the government's efforts to create a literate, skilled, and prosperous society. Through the network of dedicated educators, volunteers, and stakeholders, we need to strive to create inclusive learning environments that nurture curiosity, creativity, and critical thinking. Whether through formal/informal education programs, vocational training, or community outreach activities, our goal has always been to empower individuals with the skills, knowledge, and confidence needed to lead fulfilling lives and contribute meaningfully to society.

As we reflect on the past year and look ahead to the future, let us reaffirm our commitment to the cause of adult education and lifelong learning. Let us continue to collaborate, innovate, and advocate for policies and programs that ensure equitable access to education for all. Together, we can build a brighter, more inclusive future – one where every adult has the opportunity to unlock their full potential and realize their dreams.

I extend my heartfelt gratitude to all those who have supported the Indian Adult Education Association in its mission, and I invite you to join us in our ongoing journey towards a more educated, empowered, and equitable society. Let us all rededicate

ourselves and take this greater responsibility on our shoulder and carry forward towards the new world order.

64th All India Adult Education Conference held at Amrita Vishwa Vidhyapeetham, Coimbatore

The Indian Adult Education Association along with the Amrita Vishwa Vidhyapeetham (Deemed to be University), Coimbatore, Shanti Ashram and Gandhigram Rural Institute, Tamil Nadu successfully organized the 64th All India Adult Education Conference from December 13-15, 2023 at the Ettimadai Campus of Amrita Vishwa Vidhyapeetham. The conference was attended by more than 150 delegates representing 14 states and union territories - Andhra Pradesh, Delhi, Gujarat, Karnataka, Kashmir,

Kerala, Maharashtra, Madhya Pradesh, Meghalaya, Rajasthan, Tamil Nadu, Uttar Pradesh, Uttarakhand and West Bengal. It witnessed a very rich confluence of academicians, scholars and adult education functionaries who came together and contributed immensely in shaping out the debate and discussion on various dimensions of the theme entitled "Role of Higher Education Institutions in National Education Policy 2020 – A Way Ahead" held throughout seven plenary sessions to reach meaningful suggestions and recommendations. Organized at a time when adult and lifelong education was undergoing through a transitory phase this conference not only attempted to explore ideas but also tried to raise issues of concern for adult and lifelong education in the contemporary scenario.

Inaugural session

The 64th All India Adult Education Conference was began with a grand Inaugural Function held in the Amriteshwari Hall of Amrita Vishwa Vidyapeetham on December 13, 2023 at 10:00 a.m. The function was inaugurated by the Chief Guest Dr. Tamilisai Soundararajan, Hon'ble Governor of Telangana and Lt. Governor, Union Territory of Puducherry who lighted the Ceremonial Lamp along with Swami Ajamritananda Puri, Mata Amritanandamayi Math; Shri K.C. Choudhary, Chief Advisor, Indian Adult Education Association, New Delhi; Dr. Bhavani Rao, Dean, School of Social and Behavioural Sciences, Amrita Vishwa Vidyapeetham; Dr. Kezovino Aram, President, Shanti Ashram, Coimbatore, Prof. L. Raja, President, Indian Adult Education Association, New Delhi

and Dr. R. Venkata Ravi, Head, Department of Lifelong Learning and Extension, GRI, Tamil Nadu.

The inaugural function began with the rendering of the National Anthem followed by Tamizh Thai Vazhthu, the state “Prayer Song” of Tamil Nadu. Thereafter, Dr. Sasangan Ramanathan, Dean-Engineering, Amrita Vishwa Vidyapeetham welcomed all the dignitaries and the delegates coming from

different parts of the country to attend this national conference.

Delivering the inaugural address **Dr. Tamilisai Soundararajan** said, “I am here just because of the blessings of Amma and it is certainly a historic moment in my life”. While quoting a few memorable anecdotes from her own life she requested the academic fraternity to read the NEP 2020 document under the light of our collective desire to realize the cherished goal of becoming a developed nation by the year 2047 when India would be celebrating the centenary year of its independence. It’s the duty of the teachers today to understand the tone of the future students who dream to become self-reliant and desire to dominate the world scenario, she said. Emphasizing the linguistic approach Dr. Soundararajan reiterated the need of providing education in the mother tongue and said that the provisions of NEP 2020 need to be implemented in its totality and with full vigour in order to enable our students to acquire skills and excellence at par. Applauding Prime Minister’s approach to provide opportunities to the students coming from the disadvantaged sections of society, Dr. Soundararajan said that they also had the ability to excel which need to be realized for achieving the SDG goals.

Speaking on the occasion **Shri K.C. Choudhary** highlighted the major turning points in the evolution of adult and lifelong education in the country and traced, in brief, the history of All India Adult Education Conferences being organized under the aegis of IAEA so far. The first All India Adult Education Conference was organized in Bhagalpur, Bihar which led to the birth of the Indian Adult Education Association in 1938, he added. He requested the scholars attending the conference to utilize the opportunity for expanding horizons and enrich the movement for empowering the people.

Addressing the delegates and members of academic fraternity assembled on the occasion **Dr. Bhavani Rao** explained in details the five pivotal concepts of Amma’s vision of education and the way students can live a life upto their own expectation while contributing their best for the development of the nation. Quoting the words of

Her Holiness Mata Amritanandamayi 'Amma', Dr. Rao said that 'life' and 'living' are not the same. We all are endowed with immense energy and ability however; very often we fail to realize the same. She requested the students to read and imbibe the basic percepts of Amma's vision for their holistic development.

Dr. Kezovino Aram said that the All India Adult Education Conferences can be treated as 'moving conferences' which had played a vital role in popularizing the concept of adult education and motivating people to join their hands for the successful implementation of AE programmes in the country. She categorically put forth a global vision of lifelong learning and requested all to utilize NEP 2020 for furthering the same in our own context.

Shri Suresh Khandelwal, General Secretary, IAEA was also on the dais who along with **Smt. Kalpana Kaushik**, Director, IAEA honoured the dignitaries on the dais with Shawl.

The vote of thanks in the Inaugural Session was extended by **Prof. L. Raja** who whole heartedly thanked Amma for showering her blessings to the cause of the promotion of adult and lifelong learning in the country. He also expressed his gratitude towards each and everybody present on the occasion for making the 64th AIAEC a great success.

Keynote Address

The Keynote Address on "Socially Responsible Higher Education in India: Integrating Lifelong Learning for All" was delivered by **Dr. Rajesh Tandon**, Founder President of PRIA & Co-Chair, UNESCO Chair in Community Based Research and Social Responsibility in Higher Education in hybrid mode. Dr. Tandon underlined the redefining missions of higher education and desired that in the changing world scenario higher education should move from teaching to enabling learning, from research to knowledge production and mobilization and from extension to engaged partnerships. He said that the current National Education Policy Framework should be flexible, multi-disciplinary and targeted towards developing socially responsible global citizenship where competencies for work should be the key word.

The session was presided over by **Prof. N. K. Ambasht**, Visitor, International Institute of Adult Education, New Delhi & Former Chairman, National Institute of Open Schooling (NIOS) while **Dr. R. Venkata Ravi** extended the vote of thanks. Dr. Tandon was introduced by Smt. Kalpana Kaushik.

The 29th Zakir Husain Memorial Lecture was delivered by Prof. K. Ramachandran

The 29th Zakir Husain Memorial Lecture was delivered by none but **Prof. K. Ramachandran**, Advisor, Africa-India Institute of Educational Planning & Administration & Chairman of the Focus Group on Adult Education (NEP, 2020), National Institute of Educational Planning and Administration (NIEPA) and a key member involved in the drafting of the National Education Policy 2020. It was interesting to note that Prof. Ramachandran happened to be the only member in the Drafting Committee of NEP 2020 who was also a key functionary in the Drafting Committee of the previous National Education Policy 1986.

Delivering the 29th Zakir Husain Memorial Lecture on “Transformative Initiatives in Higher Education” Prof. Ramachandran recalled those three occasions – Convocation Address, the University of Mumbai (known earlier as University of Bombay), 1967; Osmania University, Hyderabad in 1968 and in later years in Annamalai University when he witnessed Dr. Zakir Husain, the then President of India delivering lectures on the vision and mission of higher education in India. Prof. Ramachandran said that transformation of education system, qualitative improvement and controlled growth were the three key ideas on which Dr. Zakir Husain always used to emphasize. Today when we are looking ahead to realize the cherished goal of becoming a developed nation by the year 2047 as pronounced by the Prime Minister of India, we must know that we are moving ahead in continuity of what Dr. Zakir Husain used to think for the future of Indian Education System. To him qualitative improvement in education meant – higher investment, policies and programmes for developing quality teachers, visualizing a curriculum that can match the expectation of the society and extension activities which motivate students to play active role in societal development.

Prof. Ramachandran in his deliberation detailed the nuances of NEP 2020 and said that the vision of a developed nation could not be realized unless otherwise the nation achieves cent-percent literacy. Referring to Dr. M.S. Swaminathan’s intervention in the

field of agriculture to overcome grain shortage in the India, China's effort to eradicate illiteracy..... he said that numerous incidents could be quoted where motivated leadership had achieved impossible targets. The need of the day is to produce youth equipped with multi-dimensional skills and having unflinching problem-solving attitude, he said. Prof. Ramachandran emphasized that the NEP 2020 was conceptualized to transform educational institutions in the country to match nation's expectations. The higher education institutions in the country should offer flexible and multi-disciplinary education where students have choices to opt major from one discipline of academics and minor subjects from another field of academics according to their will and future vision. He said that lifelong learning is a must for enhancing skills and empowerment of each and every citizen of the country. His advice towards our institutions was to adopt the vision propounded through NEP 2020 in its totality. He suggested that Indian Adult Education Association may take a lead and rename itself as the Association for Lifelong Learning.

Prof. Ramachandran addressed and replied a number of questions raised by the delegates. The enthralled audience gave a standing ovation to the veteran teacher widely referred as a living encyclopaedia of education.

At the beginning Prof. Ramachandran was introduced by Smt. Kalpana Kaushik, Director, IAEA while the session was presided over by **Prof. P.A. Reddy**, Treasurer, Indian Adult Education Association, New Delhi.

VI. LIBRARY AND DOCUMENTATION CENTRE

Library and Documentation Centre in IAEA is an important unit as it plays an important role in information dissemination and caters to the academic needs of Post Graduate students, research scholars and field functionaries. Amarnath Jha Library has a large number of books and documented issue-based materials for reading and reference. During the reporting period following activities have been carried out by this unit:

- Annotations compiled for all the four issues of IAEA Newsletter.
- Digitalization of important books, documents, reports, important letters etc. in PDF form.
- Collected materials on Adult Education/Education for All, New Education Policy 2020, Higher Education, Vocational Education, Lifelong Learning, Gender, Youth, Census, Skill Development, Women Empowerment, Health, Adolescence, Elderly and Educational Research etc.
- Binding of Indian Journal of Adult Education, Newsletter and Proudh Shiksha 2023.
- Reference services provided to the readers/visitors online and off-line.
- DAE donated a number of books to IAEA on adult education and related fields which have been added to the library.
- Provided information/data to scholars as and when requested for.
- IAEA office and the nearby areas witnessed heavy rainfall on 13.7.2023, which resulted in flooding. This caused heavy water logging for more than two weeks, in which the whole library, situated in the basement, got submerged. All the books, furniture, racks, and other materials in the library got fully damaged. Hence, in order to avoid such circumstances entire library is being shifted to the ground floor.
- Efforts are being made to collect and purchase new books for re-organization and restructuring of the library.

XII. INTERNATIONAL INSTITUTE OF ADULT AND LIFELONG EDUCATION (IIALE)

(i) James Draper Memorial Lecture 2023

Prof. James A. Draper was very closely associated with IAEA for a long time. As a Life Member of the Association he took special interest in strengthening adult education as a discipline of study and field of practice through lectures, researches and publications. He was not only instrumental in setting –up the first University Department of Adult Education in India at the University of Rajasthan but continued to visit India regularly and maintained his links with Indian Adult Educators. In view of the close ties of Draper with India and his contribution to the field of adult education, the Association decided to honour him by instituting an Annual Memorial Lecture in the year 2002. However, the first James Draper Memorial Lecture was organized in the year 2005 followed by the second in 2008, third in 2009, fourth in 2014 and the fifth in the year 2015.

The sixth James Draper Memorial Lecture was organized on December 4,

2023 at Conference Hall, IAEA, New Delhi. The lecture entitled "Letting No One Behind: the Importance of Five Capitals of Learning in Reflexive Modernity" was delivered by Prof. Séamus Ó Tuama, Director, Adult Continuing Education @ University College Cork, Ireland and the Chair of ASEM Lifelong Learning Hub which is an official network for University Cooperation in Lifelong Learning Research between Asia and Europe. Organized by the International Institute of Adult & Lifelong Education this annual academic venture was attended by many eminent academicians and scholars from different universities.

Presided over by Prof. N. K. Ambasht, Visitor, International Institute of Adult and Lifelong Education, New Delhi and former Chairman, National Institute of Open Schooling, the programme was attended by many eminent academicians including Dr. L. Mishra,

former DG, NLMA & former Secretary, Ministry of Parliamentary Affairs, GOI; Prof. K. Ramachandran, Advisor, Africa-India Institute of Educational Planning & Administration & Chairman of the Focus Group on Adult Education (NEP, 2020), National Institute Of Educational Planning And Administration (NIEPA); Prof. Rajesh, Head, Department of ACEE, University of Delhi; Dr. Soren Ehlers, Dr. V. Mohankumar, former Addl. Director, DAE & former Director, IAEA, Dr. A. Mathew, Editorial Consultant IJAE & former Senior Fellow &, NIAE; Dr. Mridula Seth, Vice President, The Richmond Fellowship Society (India) Delhi Branch; Dr. Anita Dighe, Director, Faculty of Distance Education at Hingiri Nabh Vishwavidyalaya, Dehradun, Uttarakhand; Smt. Nishat Farooq, former Director, SRC, JMI; Prof. Anita Priyadarshini, Staff Training and Research Institute of Distance Education, IGNOU, Dr. Geeta Mishra, Associate Professor, Department of ACEE, University of Delhi.

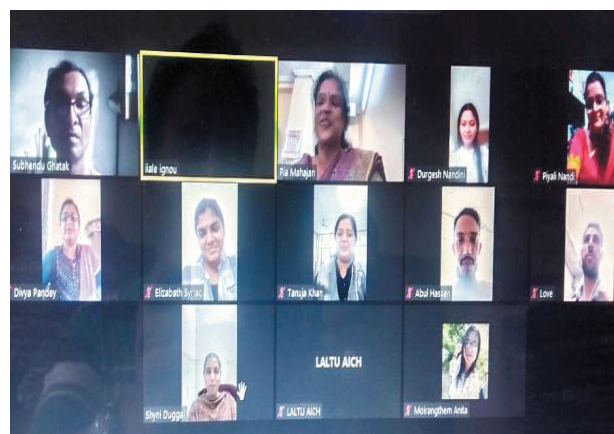

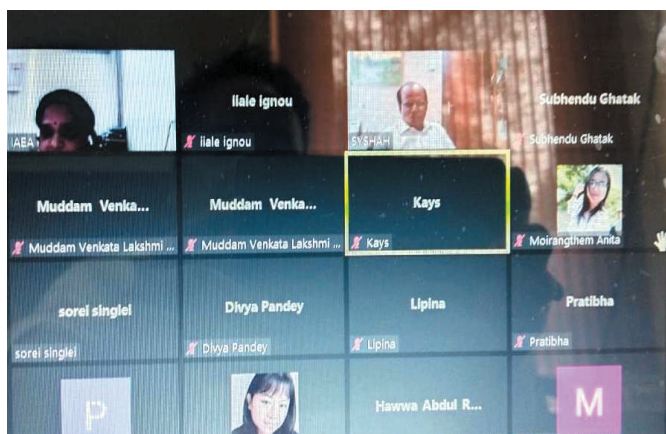

At the very outset Prof. Séamus Ó Tuama was introduced by Smt. Kalpana Kaushik, Director, IAEA. She not only highlighted the academic journey of Prof. Tuama but also underlined the major interventions made by him towards the furtherance of adult and lifelong learning in Asian and European countries. Thereafter, Prof. S.Y. Shah, Director, International Institute of Adult and Lifelong Learning and former

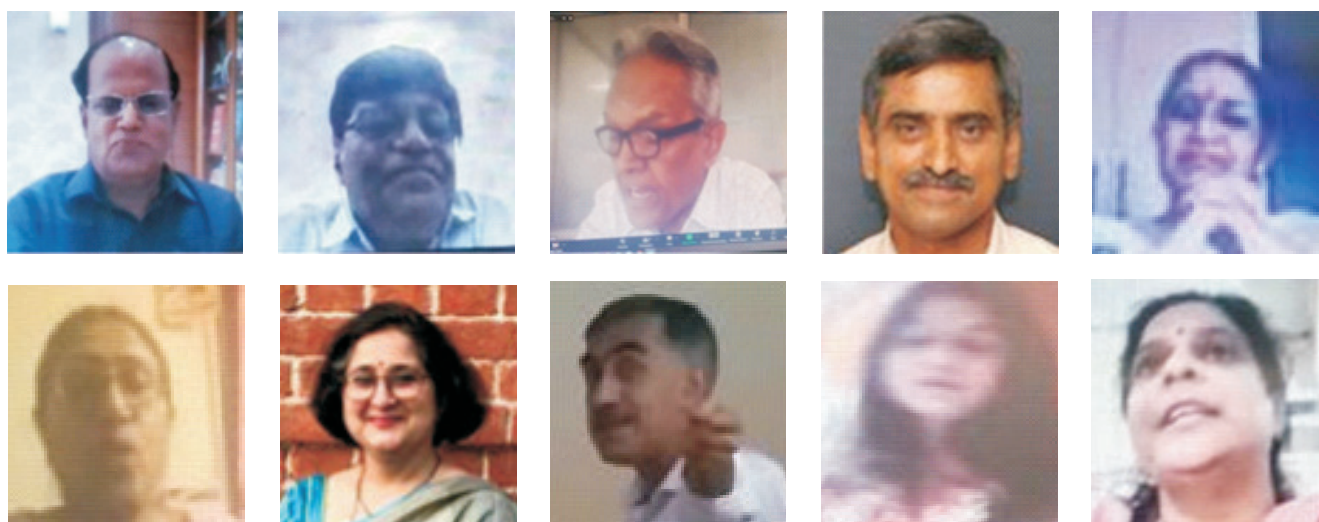

Professor, Group of Adult Education, School of Social Sciences, JNU, New Delhi detailed in brief the contributions of James A. Draper and some of the memorable chapters of his association with luminaries of adult education in India specially those associated with the Indian Adult Education Association. Prof. Shah also highlighted the profound vision that Draper had for the evolution of adult and lifelong learning in India. He said that James A. Draper was very particular about documenting his visits in India and the core content of his interaction with academicians here. It is definitely a challenging task for the young scholars pursuing research in the field of adult and lifelong learning
